Upon closing any one or more such facility, the Airport Manager, or his or her representative, shall promptly notify the Flight Service Station at Green Bay, Wisconsin.

Section 17. Aircraft engines shall not be started unless a pilot or a competent mechanic remains at the controls.

Section 23. Transient aircraft using the terminal parking aprons shall park in areas designated by signs.

Section 24. The terminal gate areas shall only be used for aircraft loading and unloading, not to exceed a period of twenty (20) minutes.

Section 29. All instructors, both ground and flight, acting as such, belonging to a flying club shall be properly certificated and shall register with the Airport Manager's office.

AVIATION FUEL REGULATIONS

Section 30. Only fixed base operators whose basic lease provides the right to dispense aviation

fuel to the general public shall be permitted to dispense fuel at the Airport and they shall:

(a) Secure written approval from the Airport Committee for the installation of storage and fixed dispensing units.

(b) Submit to the Airport Manager a letter which shall specify hours and types of services, types of fuels offered, lubricants, associated products, fees and charges.

(c) Establish and file with the Airport Manager a schedule of retail prices of all grades of aviation fuel, which prices shall be comparable to fuel prices charged to other airports in the State of Michigan.

(d) Utilize only fuel storage and dispensing facilities which meet all safety requirements of appropriate local, State and Federal authorities.

(e) Furnish evidence of sufficient insurance coverage for public liability, property damage and products liability as determined by the Airport Committee. This insurance shall be carried with an insurance company licensed to do business in the State of Michigan and such company shall furnish the Michigan Department Of Aeronautics with a certificate indicating the coverage and expiration date of any policy.

(f) Not operate aviation fuel tenders on taxi-ways or runways.

"On call" service shall be provided within an hour at a rate not to exceed \$10.00 per call unless the Airport Manager approves a different rate. If a fixed base operator does not desire to provide service on a 24 hour basis, and there be more than one such operator, the Airport Manager may pro-rate on a weekly basis the hours of duty service to be provided by each so as to provide total duty service for 24 hours; provided, however, that this section shall not prohibit a fixed base operator authorized hereunder to offer fuel service at any time.

(h) Fixed base operators shall be required to pay a flowage fee for each gallon of fuel delivered to the premises as may be established by the Airport Committee and shall submit monthly supporting invoices and payment to the Airport Committee.

(i) Specified fuel service or increase charges or fees without approval of the Airport Manager, who shall have the right to reject any change of hours, or increase of charges or fees if such increase be more than similar comparable charges being made at other airports in the State of Michigan.

(j) The Airport Manager shall prepare appropriate notices detailing the type and hours of services offered by each operator and designating the 24 hour service responsibilities. Such notices shall be posted by each operator in a conspicuous manner in their place of business and further shall be posted by the Airport Manager in the Manager's office.

(k) Any violation of these provisions shall constitute grounds for revocation of fuel sales privileges in addition to the penalties hereinafter provided.

FIRE REGULATIONS

Section 31. All persons using the Airport area or facilities of the Airport shall exercise the utmost care to guard against fire or injury to persons or property and shall comply with "No Smoking", "Fire Lane", and other signs.

Section 32. No aircraft shall be fueled or drained while the engine is running or while in a hangar or other enclosed space.

Section 33. The cleaning of engine parts or other parts of the aircraft shall preferably be with non-flammable liquids. If volatile flammable liquids are employed for this purpose, cleaning operations shall be carried on in the open air.

Section 34. Aircraft maintenance in hangars shall be limited to inspection and replacement of parts and repairs incident thereto, and the final assembly of aircraft under construction, provided such repairs do not involve appliances using open flames or highly heated parts other than an electric soldering iron. The use of open flame or highly heated parts shall not be allowed in hangars until all other aircraft and flammable materials have been removed.

Section 35. Hangar tenants shall provide suitable metal receptacles with air-tight covers for the storage of oily waste, rags, and other rubbish. The contents of these receptacles shall be removed at reasonable intervals.

Section 36. Empty oil paint and varnish cans, bottles, or other containers shall be immediately removed from the hangars and shall not be allowed to remain on floors or wall stringers.

Section 37. No rubbish, paper, or debris of any kind shall be permitted to be stored in or about the hangars, or other structures.

Section 38. Gasoline, kerosene, ethyl, ether, or other flammable liquids, including those used in connection with the process of doping shall not be stored in the hangars. Such liquids shall only be stored in structures which comply with the regulations of the National Board of Fire Underwriters. Use of flammable liquids shall also comply with local and State Fire Regulations.

Section 39. Persons maintaining and repairing aircraft outside of hangars shall do so in a manner so as not to endanger structures or other parked aircraft, and shall promptly dispose of and keep the premises free of flammable items as described in Sections 36 through 38 thereof.

PRIVATE HANGARS

Section 40. No private hangars shall be constructed on Airport lands excepting as may be leased by the Airport Committee for such purpose, and the lessee shall comply with all the terms and conditions of the leases.

Section 41. The type and construction of hangars shall be subject to approval of the Airport Committee.

Section 42. All future leases shall require that rentals include rental of hangar space, adequate parking space for the lessee and the employees or guests of lessee, ramp space in front of or adjacent to the hangar, and providing sufficient liability insurance to protect the County, the Airport Committee and other Airport users in the event of property damage or personal injuries.

Section 43. Unless existing leases otherwise provide, upon this ordinance becoming effective rentals will be charged for parking and ramp space as well as building space.

Section 44. It shall be the responsibility of the lessor to provide, at its expense, paved taxi-ways from ramps to runways. Utility hook-ups from the closest source will be the responsibility of the lessee.

Section 45. No private hangars shall be used for commercial activities of any nature.

COMMERCIAL SERVICES

Section 46. No commercial air carrier shall carry on any activities on the Airport excepting those for which it has been certified.

Section 47. No other person shall, without the written consent of the Airport Committee, use the lands or facilities of the Airport for the purpose of fixed base operations.

Section 48. As a condition of approval by the Airport Committee for the providing of any of the services provided by fixed based operators, an applicant shall be required to comply with the following minimum requirements:

(a) Provide a hangar type structure no less than 100 x 100 feet and an adjoining office of at least 40 x 24 feet, to be constructed on Airport land leased from the Airport Committee. However, if only a single phase of fixed based operations is to be provided, such fixed based operator shall provide a hangar of a size no less than 40 x 60 feet with suitable adjoining office space.

(b) Provide proof of sufficient financial and technical ability which in the opinion of the Airport Committee will be adequate to permit acquisition, construction, and operation of the required facility.

(c) Qualified, and where required, certificated personnel for the type of services offered shall be available during regular hours of operation.

PENALTY PROVISIONS

Section 49. Violation of this ordinance shall constitute a misdemeanor punishable by a fine not exceeding Five Hundred Dollars (\$500.00), or imprisonment in the County jail for a period not exceeding ninety (90) days, or both. Each day a violation continues after notice shall constitute a separate offense.

Section 50. A violation of this Ordinance shall also be deemed to be good and sufficient cause for the Airport Manager to deny use of the Airport to the offending person; provided, however, that any person denied use of the Airport hereunder shall be given written notice of the reasons for any such denial, and shall have ten (10) days from date of serving or mailing such notice to appeal to the Airport Committee. The appeal shall be made in writing, and shall be heard by the Committee within ten (10) days after receipt thereof. Upon hearing an appeal, the Committee may affirm, reverse, or modify the decision of the Airport Manager.

SEVERABILITY AND REPEALER

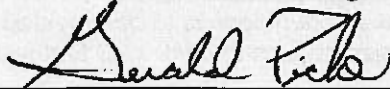

Section 52. If any provision or clause of this Ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are declared to be severable.

Section 53. The Menominee-Marquette Menominee Regional Airport Use Ordinance, as amended, is hereby repealed. Any other ordinances or parts of ordinances in conflict herewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect.

EFFECTIVE DATE

Section 54. This Ordinance shall take effect upon publication of notice of its adoption in a newspaper of general circulation in the County. The County Clerk shall cause a notice of the adoption of this Ordinance to be published at least once in a newspaper of general circulation in the County, and shall furnish the Airport Manager with sufficient copies which shall be available to all persons affected by this Ordinance. One copy shall be posted in a conspicuous place in the Airport Manager's office.
